

INFORMATION FOR PROPERTY OWNERS

Oxford Road 5 (Oxford Road 8 to Oxford Road 24) culvert replacements

Oxford County has awarded a contract to replace culverts on Oxford Rd. 5, between Oxford Rd. 8 and Oxford Rd. 24 to Permanent Paving Ltd. of Woodstock, Ontario.

Culvert replacements will begin end of June beginning of July and will last approximately two weeks in duration. The approximate construction limits are shown (highlighted red) in the detail on the back of this construction notice:

WHAT YOU NEED TO KNOW

- During construction traffic will be limited to local residents, businesses and emergency services along Oxford Rd. 5. Oxford Rd. 5 will be closed to through traffic between Oxford Rd. 8 and Oxford Rd. 24 during culvert replacements. The Contractor will be required to maintain access to all properties, some short term interruptions may occur. Delays and interruptions can be expected during this work.
- Please continue to have your regular household waste and recyclables to the roadside by 7 a.m. on your regular pick up day. If access for waste collection is interrupted by construction the Contractor will collect your bins and containers and take them to a central location for collection. Home owners are asked and encouraged to mark garbage and recycling containers with their house number so they can be returned to the correct properties.

COVID-19

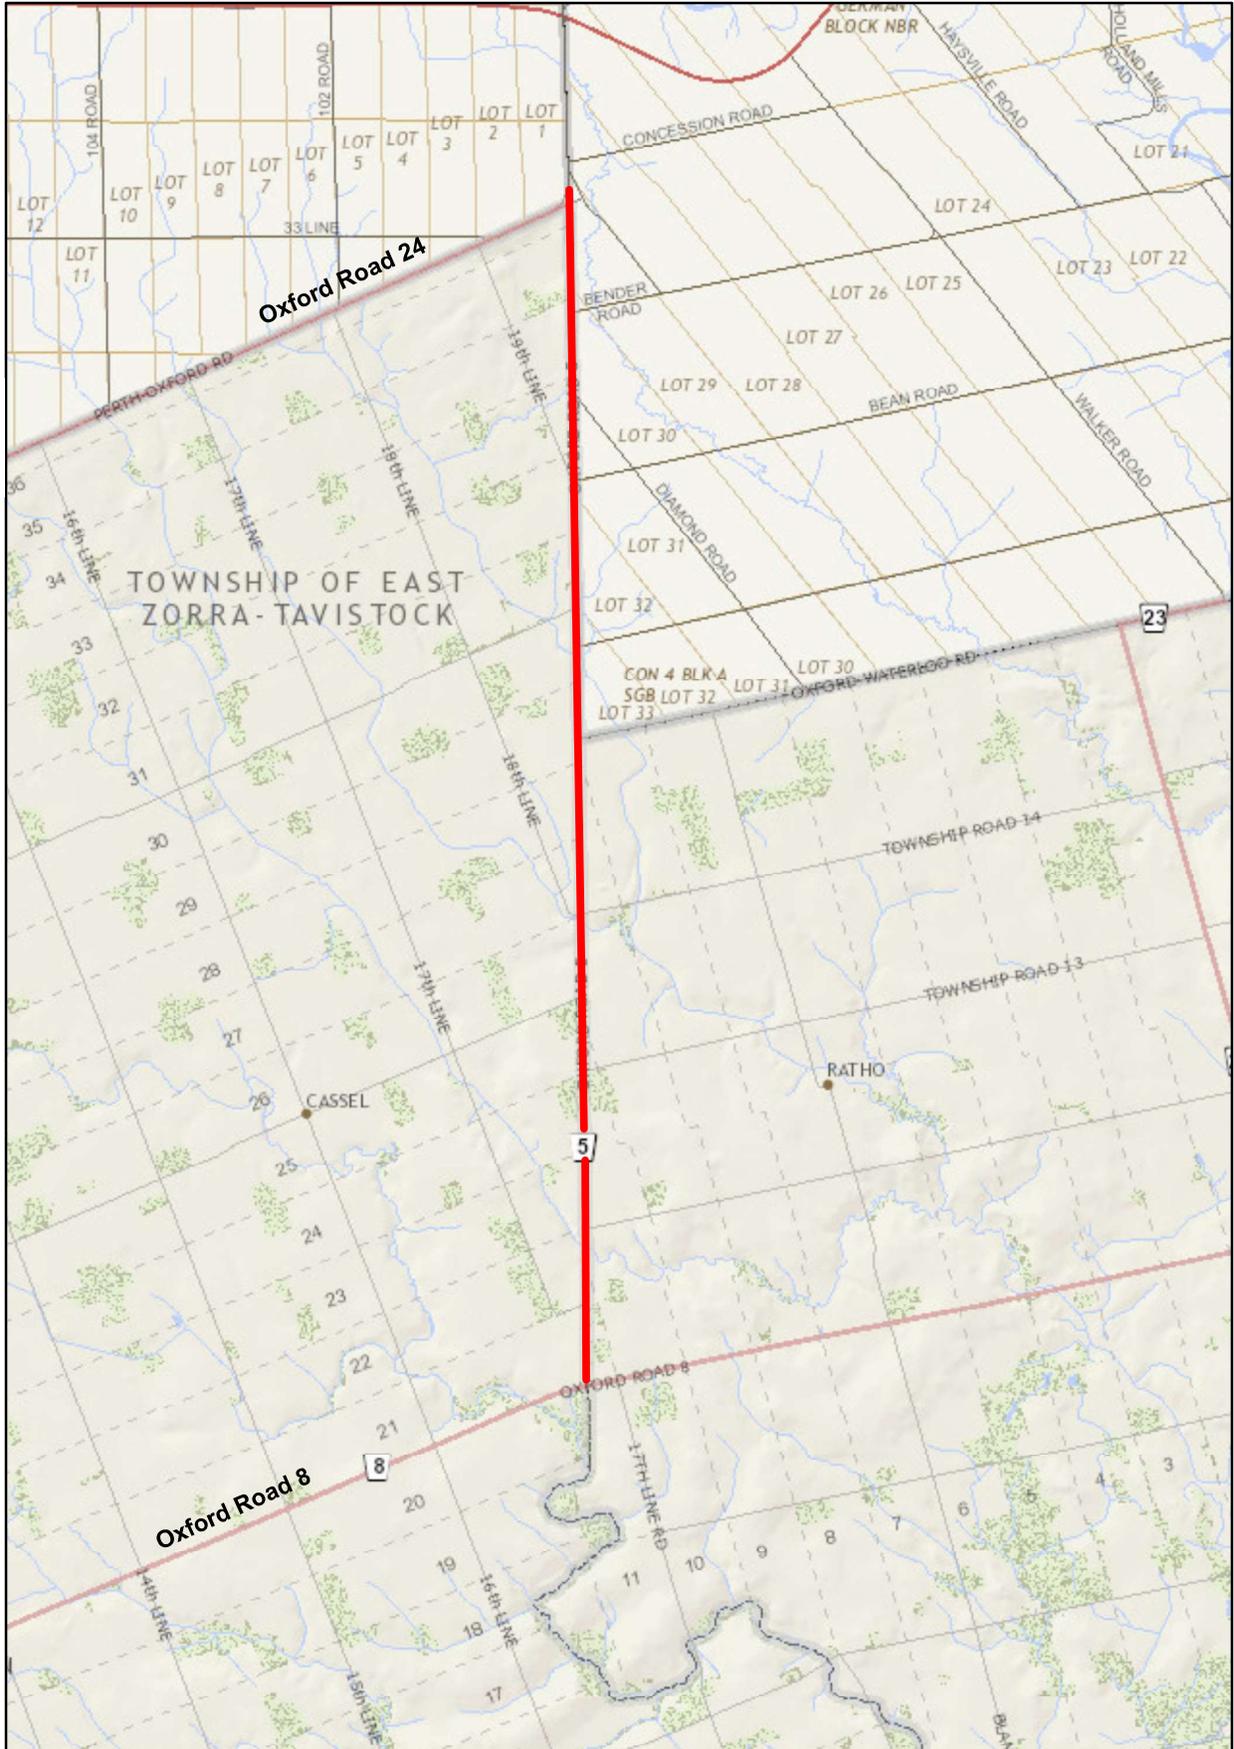

- Given the developing situation around COVID-19 the County and all contractors/sub-contractors working on behalf of the County are committed to following the recommended precautionary measures, within other safety imperatives, to prevent the spread of COVID-19. Oxford County is continually monitoring this situation as it develops and the ongoing challenges related to the spread of COVID-19.
- The work being undertaken on this project has been deemed essential to County infrastructure and is considered essential as per the provincial directives and mandates.
- An Oxford County inspector will be on site periodically performing inspection of contractors work and monitoring site activities.
