Culvert replacements on Oxford Road 2 in Zorra Township

Oxford Road 2 will be closed between Oxford Road 119 (19th Line) and Oxford Road 6 for culvert replacements and left-turn lane intersection work at 35th line

Oxford County has awarded a contract to Steve Smith Construction for culvert replacements on Oxford Road 2 between 21st Line in Thamesford and Oxford Road 6 in the Township of Zorra. The work includes culvert replacements and restoration work as required.

Construction is tentatively scheduled to begin in April and be completed by the end of May.

Please note that construction schedules are weather dependent and subject to change based on site conditions, contractor availability and other factors.

How will the project impact me?

Traffic control

Culvert replacements will take place on Oxford Road 2 between 21st Line and Oxford Road 6.

Culvert replacements will be completed through a combination of lane restrictions and road closures.

Detours will be in place with applicable signage.

The contractor will be required to maintain access as best as possible to all properties. Some short-term interruptions and delays can be expected during this work.

Emergency services and buses will be notified of all road closures and lane restrictions.

Garbage and recycling

If access for waste collection is interrupted by construction, the contractor will collect homeowner bins and take them to a central location for collection. Property owners are asked to mark all bins with their house number so they can be returned to the correct property. Please continue to have your regular household waste and recyclables on the roadside by 7:00 a.m. on your regular pick-up day.

Safety

Please help keep our community and workers safe: respect work zones, obey traffic signs, and maintain a safe distance from equipment and vehicles entering and leaving the site.
