Purpose and Effect of the Proposed Official Plan Amendment and Zone Change:

The application for Official Plan Amendment has been requested to redesignate the subject lands from 'Open Space' to 'High Density Residential'. The High Density designation is intended to support multiple unit forms of development on the subject lands that result in a minimum gross density of 70 units per hectare.

The purpose of the application for zone change is to rezone the subject lands from 'Active Open Space Zone (OS2)' to 'Special Residential Type 4 Zone (R4-sp)' to facilitate the development of the subject lands for an apartment dwelling house, a horizontally-attached dwelling house, a multiple-attached dwelling house and/or a street row dwelling house with a minimum gross density of 70 units per hectare. The applicant is also seeking a 14 m minimum rear yard setback from the property line abutting the 401, an 11 m setback from the west property line abutting the City-owned property, and a maximum of 22 storeys building height.

The applicant is also seeking to include the following as permitted uses within the proposed R4-sp zone:

- a daycare;
- an eating establishment, within a portion of an apartment building;
- a convenience store with a gross floor area not exceeding 140 m²;
- a drug store;
- a laundry shop;
- a personal service shop.

It is intended that these uses would be accessory to and be located within a proposed apartment building or a portion of the residential development.

The lands are described as Part Lots 21 to 23 and 27, Plan 1600 as in B30605 and Parts 19 to 22, Plan 41R-2833, City of Woodstock, lying on the south side of Juliana Drive between Athlone Avenue and Bruin Boulevard, municipally known as 760 Juliana Drive in the City of Woodstock
